Type of Equipment: PC APPLE Linux Others
(Please read and initial)

- Data recovery process requires a non-refundable evaluation fee of \$50. This includes testing and evaluation to verify whether or not data can be recovered. It cannot be used towards the recovery process fees. The evaluation period might takes 3 working days.
- After evaluation, we will contact and inform you of how long it will take to recover your data and cost. Most recoveries take 2-4 hours. Hard drives must be picked up within 2 weeks from contact date or hard drives will be discarded.
- All items opened (cases, laptops, workstations, etc) may void a manufactures warranties. A hard drives tested may void manufactures warranties.
- All data obtained will be transferred onto CD, DVD, or other hard drive. Additional charges apply for these items. CD's are \$15 per 650 meg. DVD's are \$25 per 4.5 gigs. You may supply your own Hard Drive but not CD's/DVDs as abort and quantity is included in their pricing.
- Storage fees of \$45 per week apply after initial 2 weeks of storage.
- Hard drives will be returned on y upon request.
- Return shipping will be charged to the customer's credit card upon Shipment.

Signature denotes approval to the terms of this agreement.
