(Please read and initial)

- 1 Data recovery process requires a non-refundable evaluation fee of \$50. This includes testing and evaluation to verify whether or not data can be recovered. It cannot be used towards the recovery process fees. The evaluation period might take 3 working days.
- 1 After evaluation, we will contact and inform you of how long it will take to recover your data and cost. Most recoveries take 2-4 days. Hard drives must be picked up within 2 weeks from contact date or hard drives will be discarded.
- 2 All items opened (cases, laptops, workstations, etc) may void a manufacturer's warranties. A hard drive tested may void manufacturer's warranties.
- 3 All data obtained will be transferred onto CD, DVD, or other hard drive. Additional charges apply for these items. CD's are \$15 per 650 MB. DVD's are \$25 per 4.5 gigs. You may supply your own Hard Drive but not CD's/DVDs as above and quantity is included in their pricing.
- 4 Storage fees of \$45 per week apply after initial 2 weeks of storage.
- 5 Hard drives will be returned on your request.
- 6 Return shipping will be charged to the customer's credit card upon shipment.

Signature denotes approval to the terms of this agreement.
